## MONTHLY RARE COIN BULLETIN

JULY 1945

This column is run so that beginners in coin collecting may become acquainted with the different dealers, advertising in this bulletin.

Each month there will be a different dealer recommended.

### M. A. POWILLS

An ardent coin collector since 1915, Mr. Powills holds a unique position as a dealer inasmuch as his business is confined chiefly to numismatic books.

A successful industrial realtor, numismatics is really his avocation. Possessing a balanced collection of the coins of the world, particularly rich in the Oriental series in which he specializes, it seemed quite natural for him to also fortify himself with a representative numismatic library.

Extensive correspondence and the compilation of a numismatic bibliography for his own use has convinced Mr. Powills that worthy books are in demand. But too frequently the question is, "Where can I get a copy of the desired work?" His extensive li-

brary and knowledge of the subject has qualified him in helping the collector to get what he needs. However, he knows very well that many authoritative publications are still missing from his library.

An occasional contributor to numismatic publications and book reviewer, his recent article under the heading "Numismatics" appears in the Universal World Reference Encyclopedia.

Mr. Powills is a Fellow of the American Numismatic Society, member of the American Numismatic Association, Chicago Coin Club, Iowa Numismatic Association, former member of the Board of Governors of the Canadian Numismatic Art Society, etc.

All advertisers using red ● will buy coins in same condition as offered for sale @ 20% less than their selling price. In all cases limited quantities will be bought. All advertisers agree to make a full cash refund on any coin returned within 5 days, after receipt of same.

All advertising is edited to conform to requirements of bulletin. 8 point type is smallest used. I personally recommend all advertisers using bulletin space.

Many of the bulletin readers have on occasion missed their bulletin, after they sent in a post card.

These errors are bound to happen as my envelopes are typed outside and it is impossible to recheck them all at this time. A card will bring your bulletin in a hurry.

Dealers or Investors: You may take a half or quarter roll at roll prices on quarters or halves and 1/5 roll on dimes at roll prices.

**I want to buy all issues of uncirculated coins in rolls or single pieces.**

I buy or sell to the largest coin dealers in U. S. through my bulletin. There must be a reason why.
